Driven by Desire

The Summer Obsession

We want money but it's so expensive
We want drugs but they cost a lot
We want a house with an island kitchen
Six rooms for a car garage
We're gonna knock the doors of opportunity
*and we all fall down
Cut throat all of our enemies
In the end it's all the same to me
*and we all fall down
Lose our friends, seperate families
We are driven by desire
It's the mother of all suffering
*and we all fall down
What do you want these days?
What is the price you'll pay?

What would you give up for your soul?
We want cars but we kill the ozone
We want land so we chop the trees
We want peace but we go to war now
Put the 3rd world on their knees
We're gonna bang the guns to get anything
*and we all fall down
Cut throat all of our enemies
In the end it's all the same to me
*and we all fall down
Lose our friends, seperate families
We are driven by desire
It's the mother of all suffering
*and we all fall down
What do you want these days?
What is the price you'll pay?
What would you give up for your soul?
*and we all fall down
