

I turned 34 today  
The hair in my beard is turning gray  
I've always had a fear of change  
But lately I'm okay with it  
'Cause I like the way this feels  
The number of Shaquille O'Neal  
I still can't dunk though, that's for real  
It's time that I start facing it

'Cause I've been scared of getting older  
I'm only good at being young  
But I've got a head that's on my shoulders  
And a heart that's full of love

I thought I'd have it all by now  
But that's okay, 'cause it turns out  
That I've got all I need, and nothing more  
Life looks pretty good at 34

And I'm not sure what it all means  
To double down on 17  
When all the years lived in between  
Were gone before I knew  
But I'll keep doing the best I can  
The greatest band at Birmingham  
I believe that who I am I am because of all of you

I'm scared that I'm not any closer  
'Cause all the best songs have been sung  
But as long as I keep moving forward  
There will be another one

I thought I'd have it all by now  
But that's okay, 'cause it turns out  
That I've got all I need, and nothing more  
Life looks pretty good at 34

I turned 34 today  
The sky above's no longer grey  
So if I've got something to say  
It's time that I start saying it

'Cause I've been scared of getting older  
Nobody is forever young  
But when the day is done I get to hold her  
And that will always be enough

I thought I'd have it all by now  
But that's okay, 'cause it turns out  
I've got all I need, that's for sure  
Life looks pretty good at 34
