

It's five in the morning  
 Pour a smile in my cup  
 In a world full of hate  
 I ain't got nothing but love

I'm just tryin' to be happy  
 I don't need to pretend  
 'Cause all the things that you live for  
 Make me wish I was dead

I don't need your expectation  
 Or your fancy house  
 Seems like the world is going crazy  
 Tryin' to bring me down

But I say hey, hey, hey, hey  
 Fuck that shit  
 Don't try and tread on me  
 'Cause I ain't having it  
 Yeah I say hey, hey, hey, hey  
 Fuck that shit  
 Yeah I just wanna be free  
 Shut up and let me live

It's Travie  
 First off you can shut your motherfuckin' mouth  
 And let me tell you what my life's been all about  
 2020 had me balled up in a fetal  
 But thank God I ain't fall back to that needle  
 A lot of people made excuses and used Covid  
 But I just took it and used it to make my magnum opus  
 Hey I never slept better  
 As above, so below, we stay tethered

I don't need another zero  
 In my bank account  
 Feels like the world is going crazy  
 Tryin' to bring me down

But I say hey, hey, hey, hey  
 Fuck that shit  
 Don't try and tread on me  
 'Cause I ain't having it  
 Yeah I say hey, hey, hey, hey  
 Fuck that shit  
 Yeah I just wanna be free  
 Shut up and let me live

But I say hey, hey, hey, hey  
 Fuck that shit  
 Don't try and tread on me  
 'Cause I ain't having it!

But I say hey, hey, hey, hey  
 Fuck that shit  
 Don't try and tread on me  
 'Cause I ain't having it

Yeah I say hey, hey, hey, hey  
Fuck that shit  
Yeah I just wanna be free  
Shut up and let me live

Yeah, I just wanna be free  
Shut up and let me live
