## The Summer Set

She's dancing all alone 'cause she's tired of fraternizing with  
the movie stars

She's falling out of love with that sunrise over Sunset Bouleva  
rd

I wanna go, wanna go, wanna go  
Anywhere that she's going, she's going  
And I know, yeah I know, yeah I know  
That her heart has been broken but I'm open

Gloria, don't walk away  
I know you hate this town like I hate this town  
Gloria, it's not too late  
I'll never let you down I can't live without you

Some nights you realize this town will spit you out until you f  
all apart

She knows it in her soul there's more to life than Instagram an  
d caviar

I wanna be, wanna be, wanna be  
Like no other before me, before me  
I believe, I believe, I believe  
There's a part of her story she hasn't told

Gloria, don't walk away  
I know you hate this town like I hate this town  
Gloria, it's not too late  
I'll never let you down I can't live without you (Gloria, Glori  
a, Gloria)  
I'd die before I'd live without you (Gloria, Gloria, Gloria)  
I'd die before I'd live without you

I wanna go, wanna go, wanna go  
Anywhere that she's going, she's going  
And I know, yeah I know, yeah I know  
That her heart has been broken, but I'm open

Gloria, don't walk away  
I know you hate this town like I hate this town  
Gloria, it's not too late  
I'll never let you down I can't live without you (Gloria, Glori  
a, Gloria)  
I'd die before I'd live without you (Gloria, Gloria, Gloria)  
I'd die before I'd live without  
Gloria, Gloria (I'd die before I'd)  
Gloria, Gloria (I'd die before I'd)  
Gloria, Gloria (I'd die before I'd)  
Gloria, Gloria  
(I'd die before I'd, I'd die before I'd)

Gloria (I'd die before I'd)  
I'd die before I'd live without you
