

Hard Candy

The Summer Set

I hate the way it hurts me when I hold you close
It's crazy how you make me so irrational
Got me out of my, out of my mind
You're a hell of a hell of a high

It's funny how I'm always coming back for more
Yeah I told myself I wouldn't, but I'm at your door
I wish I could just leave and be fine
But you're a hell of a hell of a high

You're bittersweet, so bad for me
But I'm a sucker for your hard candy
Blood sugar rush, I shouldn't touch
But I'm a sucker for your hard candy

Part of me wants all of you or nothing
There's no in between
It's getting hard to function, baby honestly
You fuck with my emotions
'Cause you don't have a heart
And you ain't afraid to show it

I'm numb
'Cause keep telling you that I'm done
But I still got your name on my tongue
And I can't keep
Believing every lie, even though I know it kills me

You're bittersweet, so bad for me
But I'm a sucker for your hard candy
Blood sugar rush, I shouldn't touch
But I'm a sucker for your hard candy

But I'm a sucker for your hard candy
Yeah, I'm a sucker for your hard candy

I'm numb
'Cause keep telling you that I'm done
But I still got your name on my tongue
And I can't keep
Believing every lie, even though I know it kills me

You're bittersweet, so bad for me
But I'm a sucker for your hard candy
Blood sugar rush, I shouldn't touch
But I'm a sucker for your hard candy

You're bittersweet, so bad for me
But I'm a sucker for your hard candy
Another rush, I shouldn't touch
But I'm a sucker for your hard candy

But I'm a sucker for your hard candy
Yeah, I'm a sucker for your hard candy
