

# Hit And Run

## The Summer Set

(Losing my heart in your hit and run)  
It's 3am, I'm here again  
You only love me when you're lonely  
Heart on the dash driving too fast  
Three words you never even told  
But if it's over say it's over  
No more borrowed time  
My heads spinning, can't admit it  
But you were never mine

I don't wanna be the only one  
Losing my heart in your hit and run  
I'd start over but I'm too far gone  
Losing my heart in your hit and run  
Losing my heart in your hit and run  
(Losing my heart in your hit and run)

Part of me hates the empty way  
I only see you from the outside  
It's such a waste, you never change  
Wish I could settle for a goodbye  
But I won't say it, if you won't say it  
I'll just shut my mouth  
My hearts breaking, always waiting  
For you to let me down

I don't wanna be the only one  
Losing my heart in your hit and run  
I'd start over but I'm too far gone  
Losing my heart in your hit and run  
Losing my heart in your hit and run  
Losing my heart in your hit and run

In my car driving past your apartment  
Is he there, do you care at all?  
Now I'm gone does he finish what I started?  
Tell him the story about the boy last fall  
In my car driving past your apartment (I want you to feel anything)  
Is he there, do you care at all? (But you don't feel anything at all)  
Now I'm gone does he finish what I started? (I want you to feel anything)  
Tell him the story about the boy last fall (But you don't feel anything at all)  
I want you to feel anything  
You don't feel anything at all  
I want you to feel anything  
But you don't feel anything at all

I don't wanna be the only one  
Losing my heart in your hit and run  
I'd start over but I'm too far gone  
Losing my heart in your hit and run  
Losing my heart in your hit and run  
Losing my heart in your hit and run

I don't wanna be the only one  
Losing my heart in your hit and run  
I'd start over but I'm too far gone
