

# Smile

## The Sunday Drivers

smile at your fate,  
come what may- come what may.

while you're awake  
celebrate- celebrate.

and if you have lost your way,  
or if love has gone astray..  
there's a view that you can take...  
...smile at your own fate!

smile at your day,  
it's too late to replay.  
never delay to create- to create

and if you have lost your way,  
or if love has gone astray...  
theres a view that you can take...

...smile at your own  
...smile at your own  
...smile at your own fate
