

Spell It Out

The Sunshine Underground

Everyday is a new day, a chance of a lifetime
A break in the sunshine, we're only giving you what you
want. You don't know where it's from.
Everyday new way, total understanding.
Every beat of you heart
We're only giving you what you want.
Giving you what you want (5x)
Spell it out in front of me
Are you waiting for someone?
For your hopes and in-between
Are you waiting for someone?
A high in the morning, a taste to remember
A piece of forever, We're only giving you what you want.
You can't tell where it's from.
Everyday a new way, no chance to surrender.
A taste of the good life.
We're only giving you what you want.
Giving you what you want (5x)
Spell it out in front of me
Are you waiting for someone?
For your hopes and in-between
Are you waiting for someone?
