

# Shine On Me

The Supremes

Hello, sunshine  
The sky looks dark when you're not here  
Shine on me now  
Shine on  
Shine on  
(Shine on me now)  
(Shine on me now)

You're free as a birdie that fly  
(Tra-la la la la la la)  
You went your way through the open sky  
(Through the open sky)  
Clouds wouldn't block your path  
You'll always seems to find the way  
To rise above the tides

Hello, sunshine (Hello, sunshine)  
The world turns cold when you're not near  
Shine on me now  
(Shine on me now)

Your working days never through  
(Never through)  
But the work you're doing you were born to do  
(You were born to do it)  
No one can fence you in  
You answer only to the silent voice of just one man, yeah

Why don't you take me  
Mm-hmm (Take me, take me)  
I wanna live my life at ease  
Why don't you take me  
(Take me, take me)  
I wanna live proud and free  
Why don't you (Take me, take me)  
Yeah-yeah (Take me, take me)  
My life's been up  
My life's been down  
My life's been turning around here  
Why, why, why, why, why, why, why don't you  
(Yeah)  
(Yeah)

(Shine on, sunshine)  
(Sunshine, shine on me)  
Oh, why don't you shine on me

(Shine) shine on, sunshine  
(Sunshine, shine on me)  
Shine on me!  
(Shine, shine on sunshine)  
(Sunshine, shine on me)
