

Can I Have Forever With You

The Sweepings

Got me falling so hard, baby
My heart is yours
Oh honey, I'm sure
Can I have forever with you
You're such a dream
Right here with me
Darling, won't you please
Stay, stay for a while
Say that you love, baby
Oh please, may be

Sing that whisper in my ear
My heart could explode
I won't let you go
Da da da...

Got me begging I've been falling
Head over heels
Oh, is this all real
Can I spend forever with you
You're all I need
Right here with me
Darling, won't you please
Just take my hand in yours
Just pull me closer
Spin me til I'm dizzy

Feel the rhythm with me, babe
My heart could explode
I won't let you go
Da da da...

Can I have forever with you
