

Farewell

The Sweepings

This is goodbye just for awhile
It's been a thrill drinking it in
This is goodbye oh what a ride
The places we've been the memories in time
This is hello to what's ahead
Sweetly an end like how it began
Goodbye and hello continuing
You'll find much more flooding back than imagined

This is goodbye
A moment in time
This is goodbye
This is goodbye
This is

This is goodbye just for awhile
It's been a thrill drinking it in
This is goodbye oh what a ride
The memories we've sealed
The moments in time
You'll find much more flooding back than imagined

This is goodbye
A moment in time
This is goodbye
This is goodbye
This is

Goodbye
This is goodbye
This is goodbye
This is goodbye
