

Sleepwalking

The Sweepings

I've been waiting quietly now
I've been sinking deeper in doubt
Won't you whisper, come and find me

Falling faster, further away
Voice so sweet but little too late
Lone sleepwalking, longing for you

Bells once rang to rattle my bones
Heart I lied to, shimmering tone
And now just empty, come and find me

Oh, oh, ooh
Oh, oh, ooh
Ah, ah, ooh
Ah, ah, ooh

Dreams of silver, shatter and gone
Left with only pieces once known
Lone sleepwalking, calling for you

Light enlaced with glimmer of hope
Skin found tight found wakens my soul
Promise kept now, life returning
