

## The Only One

## The Sweepings

To the bottom, where I've fallen once again  
Is it often? Just like me to end up here  
Am I broken, will I ever be enough  
Will I ever be enough

Am I the only one?  
Am I the only one?  
All of me I would give to find my heart stolen  
Am I the only one?  
Am I the only one?  
Lay here hoping to be more than just a moment  
Am I the only, the only one?

Couldn't see it, only wanted you to stay  
Was I needed? Or just a victim of your ways  
I'm so lonely, dreaming just to be enough  
Just to be enough

Am I the only one?  
Am I the only one?  
All of me I would give to find my heart stolen  
Am I the only one?  
Am I the only one?  
Lay here hoping to be more than just a moment  
Am I the only, the only one?  
Oh, coming down

My heart, given up to find that it's too late now  
Oh, pouring out, I'll never be enough  
I'll never be enough

Am I the only one?  
Am I the only one?  
All of me I would give to find my heart stolen  
Am I the only one?  
Am I the only one?  
Lay here hoping to be more than just a moment  
Am I the only, the only one?  
The only, the only one  
The only, the only one
