

## She

## The Sword

She walks by moonlight  
No one really knows  
Enchanted starlight  
Never goin' home

I know she's goin' down, goin'  
Everybody knows, she's so good

Doin' well for others  
She doesn't really know  
The powers are within her  
As she takes off her clothes

I know she's goin' down, goin'  
Everybody knows, she's so good

Doin' well for others  
She doesn't really know  
The powers are within her  
As she takes off her clothes

I know she's goin' down, goin'  
Everybody knows, she's so good
