

# It's Passion

## The System

In times, of passion  
Give to me just what I'm asking  
In times, times of passion  
Givin' me some love reaction

In my dreams at night  
Girl I hold you tight  
And you give me what I'm asking  
Just say I'm kind and true  
And I give it all to you  
Yeah, yeah, baby

Something's coming over me  
Something's coming over me  
I can't quite understand this thrill baby  
What you do to me

In times of passion  
Give me just what I'm asking  
In times of passion  
Got to give me satisfaction

I know you're old enough  
'Cause you're bold enough  
To give me some satisfaction  
Mama said don't make a date your body can't keep  
Your loving is much too sweet

Something's coming over me  
Something's coming over me  
I can't quite understand this thrill baby  
What you do to me

In times of passion  
Give to me just what I'm asking, wu whoa  
Times of passion  
Giving me some love reaction

In my dreams at night  
Girl I hold you tight  
And you give me just what I'm asking  
Just say I'm kind and true  
And I give it all to you

I like the way our bodies move  
The way our bodies move

I like the syncopation, of the groove  
I like the syncopation, of the groove

I like the way our bodies move  
The way our bodies move

I like the syncopation, of the groove  
I like the syncopation, of the groove

I like the syncopation, of the groove
