Let It Flow

The System

Bodies making shadows again
Candles glowing on naked skin (On naked skin)

Incense is burning
A lover's potion

Souls bonded together
We are one emotion

Inhibitions fall like a robe
Off your shoulders, baby
And down to the floor

Let it flow
(I wanna kiss your body slowly)
I want you to know
(I wanna take control and let you know the way I feel)
The way I feel, yeah

(I wanna make this night go slowly)
(Let it flow) When your heart says to go
And your feelings start to show
'Cause you're losing control
Let it flow

Sacrament of passion begin
Feel the burning desire within
(Whoa)

Every sensation
Deeper than the one before

Like the swell of an ocean
When passions roar

Inhibitions fall like a robe
Off your shoulders, baby
And right down to the floor

Let it flow
(I wanna kiss your body slowly)
I want you to know
(I wanna take control and let you know the way I feel)
The way I feel, yeah

(I wanna make this night go slowly)
(Let it flow) Flow
(Flow, your love)
Woah, let it flow

(I wanna kiss your body slowly)
And I want you to know
(I wanna take control and let you know this love is real)
That this love is real

(I wanna make this night go slowly)
(Let it flow) When your heart says to go

And your feelings start to show
And you're losing control
Let it flow

(Flow, flow)
Your passion is a river (Flow, flow)
(Flow, flow) Feel the rhythms of our love

Flow
(Flow, flow)

Oh, baby
When your feelings start to show

Let it flow
(I wanna kiss your body slowly)
I want you to know
(I wanna take control and let you know the way I feel)
The way I feel, yeah

(I wanna make this night go slowly)
Let it flow
(Flow, your love)
Woah, flow

(I wanna kiss your body slowly)
Let your feelings flow, yeah
(I wanna take control and let you know this love is real)
This love is real

(I wanna make this night go slowly)
(Let it flow) When your heart says to go
And your feelings start to show
And you're losing control (Flow, your love)
Woah, let it flow

(I wanna kiss your body slowly)
Let your feelings flow
