

# Strictly Bedroom

## The System

You're not the life of the party  
You're not the talkative kind  
Sippin' on margarita  
While passion burns in your eyes

Like a goddess of love  
Think this sin's caught me up  
There's emotion, there's a glow  
And a quiet inner fire  
And you put me in the mode (In the mood)

Strictly bedroom  
You're love end of my candlelight  
Soft talkin', velvet lights  
You and your bedroom eyes

Strictly bedroom  
Cuddle all through the night  
Just wanna hold you tight  
Until the time is right (Don't stop this groove, baby)

You're my [?] comfort  
You weren't built for sleep  
No, woah  
You're other made for lovin'  
(Made for lovin')  
Your smile is meant to tease

Like a goddess of love  
Think this sin's caught me up  
There's emotion, there's a glow  
And a quiet inner fire  
You put me in the mood (Me and you)  
Me and you

Strictly bedroom  
Wanna cuddle all through the night  
Just wanna hold you tight  
Until the time is right (Feeling's moving you, strictly bedroom)

Lounge in your lingerie  
Playin' a jazz CD  
Come to the [?] (Baby, me and you, strictly bedroom)

We're left end of my candlelight  
Soft talkin', velvet lights  
You and your bedroom eyes

Cuddle all through the night  
Just wanna hold you tight  
Until the time is right (Don't stop this groove, baby)

Get comfortable, baby  
Put your feet up  
Lay back  
Relax  
Welcome to flow town

Lost in the privacy of home  
Get comfortable  
It's a private time

In the pool part of your mind (In the mood)

Strictly bedroom  
We're left end of my candlelight  
Soft talkin', velvet smiles  
You and your bedroom eyes (Put you in the mood, strictly bedroom)

Cuddle all through the night (If the feeling moves you)  
Just wanna hold you tight (Let me groove you)  
Until the time is right  
Strictly bedroom

(Strictly bedroom) Strictly bedroom  
(Call the private line) In the bedroom  
(Boudoir in your mind)  
Don't stop this groove, strictly bedroom  
(Eyes that set the mood) Strictly bedroom  
(Put me in the groove) In the right groove  
(To get comfortable)  
In the mood, strictly bedroom

(Strictly bedroom, now)  
(Call the private line)  
(Boudoir in your mind)  
In your mind, in your mind
