My temperature's rising
I've got my eyes on you
So much anticipation
I like the way your body moves

Your clothes are sticking to your body
Too much for my mind
When you sweat like you drive me crazy
Tonight came right on time

If you wanna party (gotta sweat some more)
If you wanna do it right, got to work your body more

I love to see you sweat
(Lets sweat)
Keep your body wet
Sweat
Keep your body wet
Lets sweat

My body's on fire
Oh, baby can't you see
You're taking me up so much higher
That's where I want to be

If you wanna party (gotta sweat some more)
If you wanna do it right, got to work that body more

I love to see you sweat
(Keep your body wet)
