

Think About It

The System

Got-cha!
Hoo-hoo-hoo-hoo! Ugh
Got-cha!
You better believe it! Ugh

Girl, I want to make you all mine
Be your one and only object of desire
Hold your hand and walk in the light
Not your undercover lover, weekend nights

Don't say we've got all our lives
Why waste this precious time?
Come on, baby, there's nothing to fear
You can't drown in the ocean if you don't jump in

Oh, baby
I'm always swimming against the tide
I don't wanna push you, baby
But here's a moment to make up your mind

Think about it
It's all left up to you
Think about it
Yeah, baby, you got to
Take your time
I won't compromise
Think about it
'Cause I want you for mine

Girl, you know I work overtime
Give you things and buy you things that keep you satisfied
Be your man and much more than this
I'll be your friend and teach you what good lovin' is

Don't say we've got all our lives
Why waste this precious time?
You know, baby, like nobody else
That sparks are flyin' high and wide since we first met

Oh, baby
You never thought that you'd have to decide
Oh, but I need commitment, baby
So, take a moment to make up your mind

Think about it
It's all left up to you
Think about it
Why don't you listen to me, girl?
Take your time
I won't compromise
Think about it
'Cause I want you for mine

Think about it
It's all left up to you
Think about it
Yeah, baby, you got to

Take your time
I won't compromise
Think about it
'Cause I want you for mine

Oh, baby
You never thought that you'd have to decide
But I gotta push you, baby
So, take a moment to make up your mind

Think about it
It's all left up to you
Think about it
Yeah, baby, you got to
Take your time
I won't compromise
Think about it
'Cause I want you for mine

Think about it
It's all left up to you
Think about it
Why don't you listen to me, girl?
Take your time
I won't compromise
Think about it (Yeah, yeah, yeah, yeah)
'Cause I want you for mine

Come on, girl
I think I love ya
Come on, baby
I know me and you could have a real good time

Yeah, yeah
Thinkin' about you, baby
You know, you drive me crazy
No time for hesitation
Come on, girl, don't keep me waitin'

Thinkin' about you, baby
You know, you drive me crazy
No time for hesitation
Come on, girl, don't keep me waitin'
