

## Two Loves

### The System

Two loves have I  
One's love in vain  
Like a distant cloud  
My daydreams fade  
She belongs to him  
But she's in my dreams

From the distance, I  
Watch you take of my (Take of my life)  
Fantasizing you were mine  
As I just took find (Just took find)  
Scheming of a rendezvous  
That's so discreet

Affair of the heart  
Affair of the mind (She took my mind)

Body and soul  
Her passion is mine  
I can't decide it

Well, do we dare to take a gamble? (So take a gamble)  
Do we dare to make it happen? (Make it happen)  
Do we  
Dare to make this dream come true?

I've got two  
Two loves have I  
My heartbeat by dead

Two loves have I  
Joy, love inside, -ide

Goin' through the motions of  
My everyday  
Leadin' this double life  
In a masquerade  
Criminal reality  
In a make-believe (I can keep make-believin')

Visions runnin' through my mind  
I can not ignore (Runnin' through my mind)  
Wantin' you is ecstasy  
Tears and joy  
Baby, feelin', needin' me  
And set it free

Affair of the heart  
Affair of the mind (She took my mind)

Body and soul  
Her passion is mine  
I can't decide it

Well, do we dare to take a gamble? (So take a gamble)  
Do we dare to make it happen? (Make it happen)  
Do we

Dare to make this dream come true?

I've got two  
Two loves have I  
My heartbeat by dead

Two loves have I  
Joy, love inside, -ide  
...
