You are the fiercest girl I've ever seen
And where you are the things are happening
You're always cooking up some crazy scheme
And getting someone else to do your dirty deeds

You ought to be careful, careful when you sleep
Someone might be waiting, jealousy will speak
You ought to be grateful no one ever heard
Nobody was watching when you did your dirt

Always so demanding
(Pleasure is your game)
Try some understanding
But don't ever change

Your wicked, wicked attitude
Wicked when you're talking
Wicked when you move
Your tricky, wicked attitude
Wicked when you're walking
Why you act so rude?

You're always spreadin' rumors 'bout your friends
Can't keep a secret 'cause you've got too many
You start up trouble where there was not any
And you're enjoying every minute

Always so demanding
(Perfection is your name)
Try some understanding
But don't ever change

Your wicked, wicked attitude
Wicked when you're talking
Wicked when you move
Your tricky, wicked attitude
Wicked when you're walking
Why you act so rude?
