X-Periment [repeat]  
(Ready?)

(X-Periment)  
Class, it's time for today's  
Lesson to begin  
Put away your test tubes  
Put down all your pens

Prepare your mind  
We'll look a little deeper  
Down inside  
And hold on tight  
To sense a new direction  
As we get wild

Ho-o-o, it's time  
Let's experiment  
Get wild  
(It's gonna get wild)

Ho-o-o, it's time  
Let's experiment  
Get wild  
So I can make you shiver

(X-Periment, X-Periment)

Light your desire  
Don't let up on the gas  
(Gas)  
If the chemistry's right  
The flame will last  
(Last, last, it will last)

Look in my eyes  
Lay your lips  
Let's start all the fire  
Bodies react  
Combustion on contact

Woah-o-oh, it's time  
Let's experiment  
Get wild (Wild, wild, wild, wild, wild)

Ho-o-o, it's time (time)  
Let's experiment  
Get wild (wild)  
So I can make you shiver
