

# Pulse

The Tea Party

I saw a face in the mirror  
That made my blood run clear  
I think I've waited too long

I went along for the ride  
she complicated the slide  
I went to take her hand  
I couldn't feel a pulse

Senseless is pleasure  
Nothing's forever  
the sooner you see  
You can't deny me

I had a dream that within  
a celebration of sin  
You do a dance with denial

I only wanted a friend  
To see a beautiful end  
She went to take her hand  
She couldn't feel a pulse

Senseless is pleasure  
Nothing's forever  
the sooner you see  
You can't deny me
