

Desert Island Disc

The Tear Garden

Can you recall that little boy with blood-red hair
He'd kick your chair, he'd twist your arm, he didn't care
Did you ever wonder what became of Billy-Boy?
Wonderboy, the teacher's pet
Come in Billy, take a seat
Let's hear about the fun you had
This is your life
This is your life
Shake Billy's hand, kiss Billy's wife
This is your life
Remember George, who took it all against the wall?
As George the Frisbee, George the Ball?
He'd whistle as he'd fly
And you'd stand by and cheer the guys on
How's your karma?
Did you ever wonder what became of Rubber George?
This is your life
This is your life
Shake Georgie's hand, but watch his knife
This is your life
Remember Joan, you met her on the phone
That night alone you felt frustrated
Joan, the she-wolf in the shower
Always in the shower
Did you ever wonder what became of Joan the Moan?
This is your life
This is your life
Shake Joanie's gland, kiss her wife
This is your life
And it's over
