

Alive

The Temper Trap

Running round in circles
Yeah we just running round in circles
Staring at a screen

Tying up our laces
And catch the first train to the office
Working the machine

The TV's reading out the news
Ya got everything to lose, oh

Yeah, feel so good
So good to be alive
Yeah, feel so good
So good to be alive

Running from the masses
Standing in line to pay the taxes
Waiting for return
Yeah, I got an education
With a degree in repetition
Not a lot of time to burn

The TV's reading out the news
Ya got everything to lose, oh

The TV's reading out the news
Ya got everything to lose, oh

Yeah, feel so good
So good to be alive
Yeah, feel so good
So good to be alive

Ohh feel so good
Good good good
Yeah feel so good, good be alive

Ahhh, ahhh

Yeah, feel so good
So good to be alive
Yeah, feel so good
So good to be alive
