

## Thick as Thieves

### The Temper Trap

Anywhere you are  
We are never far  
Want you to feel safe and sound  
Safe and sound

Only you wake up  
When you start in style  
Just want you to feel safe and sound  
Safe and sound

Strike a light and throw it  
Making noise is shouting  
Making noise is shouting  
Who can you believe  
Brothers thick as thieves  
They're all thick as thieves

Noones asking how  
But why  
Busy getting high  
On life  
They just want us to feel safe and sound  
Safe and sound

Strike a light and throw it  
Making noise is shouting  
Making noise is shouting  
Who can you believe  
Brothers thick as thieves  
They're all thick as thieves

Making noise is shouting  
Who do you believe  
Brothers thick as thieves  
They're all thick as thieves
