

## Don't Call It

### The Temperance Movement

I got my blues and you got your riches  
You got the news but I can see your stitches  
Got my eye on your stockings riding  
Little higher each time I get you smiling  
Get away before my mouth comes open  
Its just my experience  
Get away back to being alone  
Once upon a time I'd chase you all the way home

I'm in love babe  
Don't call it any other thing  
I'm in love babe  
Don't give it any other name

You set the scene girl you get me rocking  
You got your dreams and I can hear you talking  
Little eyes inside my brain  
I just wanna know if I can see you again  
Get away before my mouth comes open  
I get so serious  
Get away back to walking the beat  
Once upon a time I'd chase you right up the street

I'm in love babe  
Don't call it any other thing  
I'm in love babe  
Don't give it any  
Don't give it ant other name babe

I wanna know how to make you come alive  
I wanna see you when I make you come alive  
Baby won't you let me make you

I'm in love babe  
Don't call it any other thing  
I'm in love babe  
Don't give it any other name babe  
I'm in love with you baby  
I'm in love babe  
I'm in love babe  
Don't give it any  
Don't give it any other name babe
