

# Take It Back

## The Temperance Movement

Woah, woahoo  
Woah, woahoo  
Woah, woahoo  
Woah, woahoo

Ridin high, gettin low  
Ridin high, gettin low, doin wrong  
And I get lost, in your love  
I get lost, in your love and it's strong

All my time, in this world  
All my time, in this world I've been alone  
All I need, is a look  
Just a look from your eyes and I get hooked, yeah

Take it back to where it was  
Take it right back to where it was

Woah, woahoo  
Woah, woahoo  
Woah, woahoo  
Woah, woahoo

I get loose, I get free  
Get me all the way down to my knee  
And I breathe, and I sigh  
And I fill up my lungs and I cry

I get all the way home  
I get all the way home then I leave  
Every time, that you call  
There's just no making sense out of it all

Take it back to where it was  
Take it right back to where it was

Woah, woahoo  
Woah, woahoo  
Woah, woahoo  
Woah, woahoo

All my time, in this world  
All my time, in this world I've been alone  
All I need, is a look  
Just a look from your eyes and I get hooked

I'm gonna slip down the alleyway  
Sneaking all the pain away  
Little finger push a hole  
Peeking at you through the wall  
I know you got my diamond ring  
I caught you on the television  
Dancing like a miracle  
Lying for the cynical

Take it back to where it was  
Take it right back to where it was

Woah, woahoo  
Woah, woahoo  
Woah, woahoo  
Woah, woahoo

Woah, woahoo (Won't you take it back)  
Woah, woahoo (Sha'mon, won't you take it back)  
Woah, woahoo (C'mon, won't you take it back)  
Woah, woahoo (Sha'mon, won't you take it back)
