

A Little Bit Lonely

The Temptations

Something bout your love, baby
Alright alright alright
Alright alright alright
Something bout your love, baby

Girl I get a little bit lonely
When you're not beside me
I can't sleep
Because I like when you're around
Sometimes it gets a little bit crazy
And I can't deny it (No)
I need you (I need you)
Because I like when you're around

Sometimes I feel so lonely
And the day has just begun
Don't know whether I can take another minute
Of being here alone
The day is moving slowly
Just can't wait till you get home
So that I can hold you close and love you down
Till the early morning

Girl I get a little bit lonely
When you're not beside me
I can't sleep
Because I like when you're around
Sometimes it gets a little bit crazy
And I can't deny it
I need you (So lonely)
Because I like when you're around
Listen girl

I'm setting the candle light
But you just keep me waiting
Won't even call
Even let me know that you might be late
I'm longing here patiently
For me to do to you
And do that to me, yeah
Girl it's gonna be alright alright alright
Say I do a little huggin' you
Gonna do a little squeezin' too
Girl you got me longing for your love
What am I gonna do

Girl I get a little bit lonely
When you're not beside me
I can't sleep
Because I like when you're around
Sometimes it gets a little bit crazy
And I can't deny it
I need you (I need you)
Because I like when you're around
