

Any Old Lovin (Just Won't Do)

The Temptations

Any old lovin'
Woah oh woah
Wooh

Like a perfect day
You brought the sun [?] and you step into my life (Into my life
)

It was a calm before the storm
And I was living in a fool's paradise
[?] baby

And it took me a while to work it out
They say that time will tell
And I learnt my lesson well

Any old lovin' just won't do
There's only one for me and its gotta be you
Any old lovin' just won't do
Never got a love that's true

Baby come back [?]
And there's a void in my life without you here

I can't never find in a thousand love affairs
Tell me how you've been aching for me, baby
Like I've been aching for you (Like I've been wanting you)
[?] believe in a second chance
Love is waiting at your door

Any old lovin' just won't do
There's only one for me and its gotta be you
Any old lovin' just won't do
Now I got a love that true
Any old lovin' just won't do
There's only one for me and its gotta be you
Any old lovin' just won't do
Well well well well

I can't live without you

'Cause I love you
