

Corner Of My Heart

The Temptations

I know a place that isn't hard to find
No ones been there in a long long time

Where you're gonna run to

Corner of my heart
It's always open
It waits for you
Corner of my heart
So much love for you
Corner of my heart
I save for you

And you're facing the night alone
Where you're gonna run to

Corner of my heart
It's always open
It waits for you
Corner of my heart
So much love for you
Corner of my heart
I save for you
