

# Happy People

## The Temptations

Get up - everybody!  
Happy people are we  
Happy people are we

Throw away your life long pain and follow, yeah  
I'll take you to a land of peace and a new tomorrow, hey  
Brothers, sisters, come and take my hand  
I will take you to a better land  
Sunshine people love is all you bring  
Dawn of a new day and here's the song we sing

Happy people are we - well, well, well, well  
Happy people are we - hey  
Listen children, now

Don't believe in this troubled world  
We can get higher - higher  
Come on along and I'll take you there  
People, my people, let's party and get down  
Life is for livin now let's don't mess around  
Dance to the music, throw your cares away  
It's a song of hope and better days

Happy people are we - everybody!  
Happy people are we

Happy - happy  
You and me both gotta be - happy  
Everybody's gonna be - happy  
Everybody's gonna be - happy  
Brothers and sisters got to be - happy  
Mothers and fathers got to be - happy  
Everybody got to be

Happy people are we  
Get on up, get on up, let me hear ya  
Happy people are we

Get up, get up - everybody  
Happy - happy - well, well, well, well  
Happy - happy - hey, everybody got to be  
Happy - get on up, get on up, let me hear ya  
Happy - get on up, get on up, let me hear ya  
Happy - well, well, well, well...
