

How Can You Say That It's Over

The Temptations

This can't be true
That the best of our love is way behind
We can find it together
My love for you
Is as strong as the day we fell in love
And we planned for ever

Here I am
In the middle of the night and my need for you
And you're breaking us into

Oh how can you say that it's over (how can you say)
How can you say that it's over (how can you say)
I can't even start to say what's in my heart
Though you many miles away from me
Don't you know you'll always be my love
Yeah

It never ends
All the voices inside that say it's me
And I'm somehow to blame girl
The pain begins
When I think that you're love has gone for good
And it won't be the same, no

Change your mind
Cause I can't change the love I felt from the start
No I just can't change my heart

Oh how can you say that it's over (how can you say)
How can you say that it's over (how can you say)
I can't even start to say what's in my heart
Though you're many miles away from me
Don't you know you'll always be my love

How can you say that it's over (how can you say)
How can you say that it's over (how can you say)
I can't even start to say what's in my heart
Though you're many miles away from me
Don't you know you'll always be my love

Tell me how can you say it's over (how can you say)
How can you say that it's over (how can you say)
I can't even start to say what's in my heart
Though you're many miles away from me
Don't you know you'll always be my love

How can you say, how can you
How can you say, how can you
How can you say, how can you
Say that it's over
How can you say, how can you
How can you say, how can you
How can you say, how can you
Say that it's over
How can you say, how can you
How can you say, how can you

How can you say, how can you
Say that it's over

I can't even start to say what's in my heart
Though you're many miles away from me
Don't you know you'll always be my love

How can you say, how can you
How can you say, how can you
How can you say, how can you
Say that it's over
How can you say, how can you
How can you say, how can you
How can you say, how can you
Say that it's over
