

# I Just Don't Know How to Let You Go

The Temptations

I just don't know how to let you go  
I just don't know how to shake you loose  
I just don't know how to let you go  
I just don't know how to shake you loose

Hooked on a feeling  
I'm on a rocky road  
The trip's too heavy  
To carry this load

Like a roller coaster  
Moves too fast  
You got me sinking  
I just can't last

Hooked on this feeling  
Hooked on this ride  
Can't get off this feeling  
I just can't step aside

I just don't know how to let you go  
I just don't know how to shake you loose  
I just don't know how to let you go  
I just don't know how to shake you loose

You wind me up, take my best  
Run me down, when you leave the rest  
Like a roller coaster  
Moving fast  
Like a rocky boat  
I'm out of gas

You're flying high, too high for me  
I can't hold on, I can't get free

I just don't know how to let you go  
I just don't know how to shake you loose  
I just don't know how to let you go  
I just don't know how to shake you loose
