

# If I Give You My Heart

The Temptations

Shoo-doo doo-doo  
Shoo-doo doo-doo  
Shoo-doo doo-doo doo  
Oh, oh, yes  
Shoo-doo doo-doo  
Shoo-doo doo-doo  
Shoo-doo doo-doo doo  
Yes

I look into my eyes to see the change in me  
It's deep down in my soul, mmm  
I look into my eyes to feel the love in me  
For you and you alone

Baby, how can love like ours ever end?  
(Ever end)  
I'd give anything to hold you again  
Oh, ooh, baby

If I give you my heart, can we make a new start?  
Will you still love me, girl  
Will you love me, girl? (Will you still love me, baby?)  
If I give you my heart (yeah)  
Though we've drifted apart  
Will you still love me, girl?  
Will you love me, girl? (Will you love me, baby? Yeah)  
Will you still love me, girl  
Hmm, girl, if I give you my heart?

Oh, listen to my voice to hear the need in me  
For you and only you  
Oh, listen to my voice, if you believe in me  
You know my words are true

I keep aching, baby, send me a sign (send me a sign)  
I'd give anything to know you're still mine  
Oh, baby

If I give you my heart (give you my heart), can we make a new start? (Oh yeah)  
Will you still love me, girl  
Will you love me, girl? (Will you still love me, baby? Oh, yeah)  
If I give you my heart (hoo hoo)  
Though we've drifted apart (drifted apart)  
Will you still love me, girl?  
Will you love me, girl? (Will you still love me, baby?)  
Will you still love me, girl  
Hmm, girl, if I give you my heart?

Oh, baby, remember when we used to go to the movies?  
Holding hands  
I remember those times, darling  
I just think that we should do those things again  
Just give me a brandy new start  
Would you do that for me, darling?  
Please

I've been missing you so much I could scream (I could scream)  
There's got to be a chance for this dream  
Oh

If I give you my heart, can we make a new start? (Oh baby)  
Will you still love me, girl  
Will you love me, girl? (I said will you still love me, girl?)  
If I give you my heart (hey)  
Though we've drifted apart  
Will you still love me, girl?  
Will you love me, girl?  
Will you still love me, girl? (Will you love me just a little bit? Oh yeah)  
If I give you my heart (give you my heart)  
Can we make a new start? (Oh baby)  
Will you still love me, girl  
Will you love me, girl? (Love me like you did last year, baby, oh oh oh yeah  
)  
If I give you my heart (yeah)  
Though we've drifted apart  
Will you still love me, girl?  
Will you love me, girl? (Say you love me, baby, ay hey hey hey)  
Will you still love me, girl? (Will you still love me, baby?)  
Will you still love me, girl?  
Girl

Girl, yes, if I give you my heart
