

I'll Keep My Light In My Window

The Temptations

Yeah
We gotta help the world
Yeah
Oh listen

Someone is friendless, cannot find their way
So I'll keep my light in my window
I want to be there, to help restore their faith
So I'll keep my light in my window
Born of God's mercy I'd be in their place
So I'll keep my light in my window

I wanna ease the pain that life can bring
Help them find a peace their spirit needs
I have been chosen for a work to do
To make this world a much better place for me and you

Some call me foolish to lend a helping hand
So I'll keep my light in my window
I feel so good when I help my fellow man
So I'll keep my light in my window
Till love and mercy are spread throughout the land
So I'll keep my light in my window

I wanna ease the pain that life can bring
Help them find a peace their spirit needs
I have been chosen for a work to do
To make this world a much better place for me and you

I've gotta help the world

Ease the pain well that life can bring
Help them find a peace their spirit needs
I have been chosen for oh a little work to do
To make this world a better place for me and you

Ease the pain yeah that life can bring
Help them find a peace their spirit needs
I have been chosen for a little work to do
To make this world a better place for me and you

Ease the pain oh oh oh that life can bring
Help them find a peace yeah their spirit needs
I have been chosen for ooh-hoo a work to do
To make this world a better place for me and you
To make this world a better place, yeah, for me and you
To make this world a better place, yeah, for me and you
To make this world a better place, yeah, for me and you
To make this world a better place, for me and you
To make this world a better place, for me and you
To make this world a better place, for me and you
