

Kids In Motion

The Temptations

Calling all boys and calling all girls
Let's send a message around the world
Everybody come and gather 'round
Let's join together in a happy sound
Roll over, jump out of bed
Come on, now you'll make new friends
When you're movin' the fun will never end

Kids in motion
Everybody's dancin' to the beat (Kids!)
Kids in motion
Time to shake your hands and move your feet (Kids!)
Kids in motion

Hey kids, tell me what you say
Are you ready to dance your cares away?
Ready, steady, now I'll say "go"
And we'll all start swaying to and fro
Make your fingers reach for the sky
You can do it now if you try
And you'll feel so great to be alive

Everybody loves those kids in motion
Everybody's dancin' to the beat (Kids! Kids!)
Kids in motion
Time to shake your hands and move your feet (Kids! Kids!)
Kids in motion
Everybody turn around and shout (Kids! Kids!)
Kids in motion
Feelin' good is what it's all about (Kids! Kids!)

Kids in motion
Alright, here we go! (Kids!)
Kids in motion
Everybody's dancin' to the beat (Kids!)
Kids in motion
Come on now, move your feet, yeah (Kids!)
Kids in motion
Don't get left behind (Kids!)
