

## Oh Distant Lover

The Temptations

Oh, distant lover, so far away, yeah  
I hope that you can hear me say  
Come on (Come a little closer)  
Come a little closer (Come a little closer)  
Come a little closer (Come a little closer)  
To my heart

Oh, distant lover, want you to know  
If I get you in my arms, won't let you go  
So come on (Come a little closer)  
Please come on (Come a little closer)  
Just a little closer (Come a little closer)  
To my heart

My heart and soul is so sad, it's so sad  
I need you here so bad, so bad  
You know what I mean, girl, the distance between  
You and me is driving me mad, yeah

Oh, distant lover, want you to know  
If I get you in my arms, I won't let you go  
So come on (Come a little closer)  
Come a little closer (Come a little closer)  
Come a little closer (Come a little closer)  
To my heart

Yeah, come on (Come a little closer)  
Just a little closer (Come a little closer)  
Come a little closer (Come a little closer)  
To my heart
