

Soulmate

The Temptations

Oooh-oh-oh-oouu-ohh
Have you ever been lonely lonely?
Oooh-oh-oh-oouu-ohh
I got something I wanna say
I helped somebody 'cause she looked good
And someone else because she made love good
But they could only feel an empty night
And when dawn, I saw my guilted life
Searching for love
The love I've been dreaming of
Oh-oh-oh-oooh
A voice cries out inside
Like an innocent prisoner, I'm yearning to be free
Soulmate, if I just could find my soulmate
My soulmate
There are so many things to ask and share
But hearts are fragile, sometimes they tell
'Cause when you give her, you got something to lose
I'll give my life before I wanna do
Searching for love
The love I've been dreaming of ooh
A voice cries out inside of me
Like an innocent prisoner
I'm yearning to be free
Soulmate, if I just could find my soulmate
My soulmate
Soulmate, if I just could find my soulmate
My soulmate

Searching for love
The love I've been dreaming of ooh
A voice cries out right here inside of me
Like an innocent prisoner, I'm yearning to be free
Soulmate, if I just could find my soulmate
Soulmate
Soulmate, if I just could find my soulmate
Soulmate
Soulmate, if I just could find my soulmate
Soulmate
