

Swept Away

The Temptations

Swept away

Oh baby (ooh oh)
I want you to take all of your clothes off right now

Your red dress slips into the sea
And the stars in your eyes shining just for me
Underneath the moon where the lights are light
And your trust is so damn sweet

All alone with you on a tropic island
On a love retreat
You got nothing on but your dirty smile
Let's turn up the heat
You will guide me to that magic place
Where two bodies meet
Deep inside as we embrace

Swept away (swept away on the wave of your love)
Swept away (floating free in the sea of your heart)
Here to stay (carried off to an island of ecstasy)
Swept away, swept away, swept away

Let's lie down on the sand tonight
Let me cling to you while we take our ride (le
Pull my body into your arms
Just ask I will give you more, give you more
That's for sure

Let's make wild love on the beach (on a love retreat)
From an island to eternity (oh let's turn on the heat)
Let me taste the love inside of you (where our bodies meet)
Let me rock you gently in the dark (rock you gently)

Swept away (swept away on the wave of your love)
Swept away (floating free in the sea of your heart)
Here to stay (carried off to an island of ecstasy)
Swept away, swept away, swept away

What I won't do, all for you lady
'Cause I'm so in love with you, yes I am (I'm so in love)
My heart get to confess I can't do it no love (oh-oh-oh baby)
Than every drop of your honey, sugar, nectar, love

Swept away (swept away on the wave of your love)
Swept away (floating free on the sea of your heart)
Here to stay (carried off to an island of ecstasy)
Swept away, swept away, swept away (oh)

Swept away (the way you make love to me)
Swept away (floating free in the sea of your heart)
Here to stay (and I'm here to stay never gone away)
Swept away, swept away, swept away

Swept way
Promise me something
That we can start all over again
