

## This is My Beloved

### The Temptations

This is my beloved, this is my beloved  
Ooh when I get weary and my way gets dim  
And I look all around and see my chances are slim  
She give me courage to go on

This is my beloved, this is my beloved  
When I lay awake in the middle of the night  
And all my dreams have faded way out of sight  
I hear her sweet voice in the dark

This is my beloved, this is my beloved  
She never puts anything before me  
She knows me like a book from A to Z  
She can make me laugh, have fun and be free  
But most of all she know when to just let me be

This is my beloved, this is my beloved  
When my pride is gone and I feel half a man  
And everything goes wrong though I do the best I can  
She makes me feel ten feet tall

This is my beloved and she's so good to me  
This is my beloved and I love her, can't you see  
This is my beloved and I'll never never let her go  
This is my beloved, simply because I love her so...
