

# Touch Me Again

The Temptations

Touch me, touch me, touch me again  
Yeah  
Touch me, touch me, touch me again

I explode with excitement when you're near  
To be near you I'll go baby, anywhere  
'Cause you thrill me like no one else  
I just love ya, love you to death  
Love one me, I'll love on you  
Loving together, nice thing to do

Can you fee it?  
Feel the love

Touch me, touch me, touch me again  
Yeah  
Touch me, touch me, touch me again

Over here, over there everywhere  
Touch my mind, touch my soul, show me you care  
'Cause you thrill me like no one else  
I just love ya, love you to death  
Love on me, I'll love on you  
Loving together, nice thing to do

Touch me, touch me, touch me again  
Yeah  
Touch me, touch me, touch me again
