

What Am I Gonna Do Without You

The Temptations

Ooh, hoo, ooh
I wanna know right now
Tell me what in the world am I gonna do without you, baby (Baby)
Baby (Baby)

You can't replaced 'cause I'm crazy about you, baby (Tell me)
Tell me, baby (Baby)
When time will not erase the pain
And the memories are driving me insane, oh

(What am I gonna do without you?)
What, what am I gonna do without you, baby?
(Baby, tell me, pretty baby you're mine)
I wanna know right now
Can't you see that I still love you so

How could you swear to love and care then leave me lonely? (Baby)
Baby (Baby)
And why must I be the guy who loves you only, baby? (Tell me)
Tell me, baby (Baby)
Loving you was my reason to live
Losing you leaves me nothing to give
Now what

(What am I gonna do without you?)
What am I gonna do without you, baby?
(Baby, tell me pretty baby you're mine)
I wanna know
'Cause my lonely heart still loves you
(Tell me, tell me pretty baby you're mine)

Ooh, tell me, baby

For as long I live I know I won't forget you, baby (Baby)
Baby (Baby)
But just as long as I live
I'll wish I never met you, baby (Tell me)
Tell me, baby (Baby)
You started a voice in my heart
That keeps on shouting each day we're apart
It shouts what

(What am I gonna do without you?)
What, what am I gonna do without you, baby?
(Baby, tell me pretty baby you're mine)
I wanna know right now
'Cause my lonely heart still loves you so
Oh, what
(What am I gonna do without you?)
Although you're gone (Baby)
Lord, still need you, Lord, so what
(What am I gonna do without you?)
Love that's inside me can't be denied, so what
(What am I gonna do without you?)
I still love you, baby (Baby)
It's driving me crazy (Baby), what
(What am I gonna do without you?)

What, what am I gonna do without you (Baby)
Tell me
