

# What's So Good About Goodbye

The Temptations

What's so good about goodbye  
All it does is make me cry  
Well if leavin' causes grievin'  
And to part will break your heart  
Tell me what's so good about it  
I could've done without it  
What's so good about goodbye  
Since you said goodbye to me  
All I know is misery  
Well if everything goes wrong  
When two lovers say so long  
Tell me what's so good about it  
I could've done without it  
What's so good about goodbye  
Won't somebody tell me now  
How can goodbye be good to a lover who really cares  
And another thing I would like to clarify  
Is how can farewell be fair  
So won't you please (please)  
Please tell me why  
You would have the nerve to say this is goodbye  
Well if everything goes wrong  
Then you never say so long  
Tell me what's so good about it  
I could've done without it  
What's so good about goodbye  
Baby, baby  
What's so good about goodbye  
What's so good about it  
What's so good about it
