

## Blind Without You

The Teskey Brothers

Where do I see myself going?  
These lights are brighter than the sun  
This road was laid with flowers  
I picked for you, each and every one

I'm blind without you  
Without you in my arms  
I'm blind without you  
Without you in my arms

The rose you gave was never red  
It was sharp and tore my heart instead  
Now it's everything I bled  
You share your tears with everyone but me  
I'm fighting hard for you to see  
Beyond that evergreen

I'm blind without you  
Without you in my arms  
Blind without you  
Without you in my arms

Every day I go to sleep  
I'm locked inside a broken dream  
I do everything for you  
I've got no time to breathe the air  
And I'm not going anywhere  
Beyond that evergreen

I'm blind without you  
Without you in my arms  
I'm blind without you  
Without you in my arms

That rose, it has a power  
To make a heart or to make a heart bleed  
Now I'm blind, it seems I can't see  
Now you see, that rose was never for me
