

Hard Feeling

The Teskey Brothers

Yeah I had a pretty baby
Man, her love was sweet
She's making me crazy, babe
Most every time we meet
But she's just no good to me, woman
And I love her just the same
Yeah she's just no good to me, woman
And it's a hard enough feeling
Yeah, it's a hard enough feeling
Without your love it's not the same

I know you're sharp, baby
You're sharp as a knife
I had one piece of your loving
But can you cut me off one more slice?

You're still running
(Round and round and round)
Yeah, you running
(Round and round and round)
You just keep running
(Round and round and round)
Lord you keep running
But it's a hard enough feeling
It's a hard enough feeling
Without your love, without your
(Love, love, love)
It's not the same
(Love, love, love)
It's not the same
(Love, love, love)
Oh it's not the same

And as time goes on
I keep wondering where you've been
You're the one that got away from me, honey
And I just keep suffering

You're still running
(Round and round and round)
Oh, you just keep running
(Round and round and round)
Oh, you just keep running
(Round and round and round)
Oh, you running, you running, you running
But it's a hard enough feeling
Oh, it's a hard enough feeling
Without your love, without your
(Love, love, love)
It's not the same
(Love, love, love)
No, it's not the same
(Love, love, love)
I want you to love me
(Love, love, love)
Darling, not the same

(Love, love, love)
Just one more time
(Love, love, love)
Every night and every day I want you, I want you
(Love, love, love)
Oh just give me one piece and, go easy on
(Love, love, love)
I want your love, love, love, yeah
(Love, love, love)
Whoa
(Love, love, love)
(Love, love, love)
I want your love, I want your love
I want your love, love
(Love, love, love)
Every night can't get me, so I
(Love, love, love)
Go solo
(Love, love, love)
Love
(Love, love, love)
(Love, love, love)
