

I Get Up

The Teskey Brothers

It ain't easy sometimes
Trying to just get by
When you get broken down again
It ain't because you didn't try
I try to count the days
That I've been disappointed
So many hard times, it gets disjointed

But it's hard tryin' to make a livin'
A-when you, get down again
And a, you just keep givin'

Every time I get up (I get up)
Something come and bring me down
I get so low sometimes (I get up)
Feels like I'm level with the ground

I tried my best to make my way
But it, wasn't enough (Wasn't enough)
Desire burns when your, dreams are close to touch
I'm workin' for the man, 'till it gets dark
But the hardest part is starting from the start

But it's hard tryin' to make a livin'
When you, get down again
And a, you just keep givin'

Givin' away, everything
Givin' away, everything
Givin' away, everything

Every time I get up (I get up)
Something come and bring me down
I get so low sometimes
Feel I'm level with the ground
Yeah

Every time I get up (I get up)
Something come and bring me down
I get so low sometimes
Feel I'm level with the ground
Everytime I get up (I get up)
Something come and bring me down
I get so low sometimes
Feel I'm level with in the ground

I get so low, I get so low
Yeah yeah, but it's hard
Yes, it's hard
I'm trying to just get by, yeah yeah
Trying to make a living
Whoa, whoa
Yeah, yeah
I tryna just get by
Just get by, just get by
Just get by, yes it's hard
Yeah

Every night, every day
I tryna just, just get by...
