

Let Me Let You Down

The Teskey Brothers

Let me tell you a story about two people in love
It's not always that easy, no, no, no
In fact, it gets pretty tough
But after all these years, if there's one thing that I've found
It's that one way or another, someone's gonna get let down

But honey, that's gonna be alright
But I promise you that most every night
Oh, we're still gonna fight most every night
So let me let you down (Let me let you down)
Oh, let me let you down (Let me let you down)
Oh, let me let you down, yeah (Let me let you down)
Oh, let me let you down (Let me let you down)

Yeah, yeah

If you told me I was perfect, I'd tell you you're wrong
If you said we had a chance at this, well, I hope it's gonna be
a long one
I could write you the perfect love song or I'll write you a poem
Oh, baby
It's not gonna be perfect, no, no
The facts are gonna be wrong

But honey, that's gonna be alright
But I promise you that most every night
Oh, we're still gonna fight most every night

So let me let you down (Let me let you down)
Oh, let me let you down (Let me let you down)
Oh, let me let you down, yeah (Let me let you down)
Oh, let me let you down (Let me let you down)

Yeah, oh, let me let you down (Let me let you down)
Yeah, let me let you down, baby, now (Let me let you down)
We're always gonna fight, baby, yeah, yeah (Let me let you down)
)
And that's gonna be alright (Let me let you down)
That's gonna be alright
Yeah, let me tell you, let me let you down
