Born to Kill

The Thermals

I was born to kill I was made to slay Unafraid to spill blood on the land When you command I will I am locked to fate Locked to the lives I take I will never be done, I'll always be hungry And each final breath I take burns a bright fire inside of me And it keeps me alive, it keeps me alive I was born to kill I was made to slay Unafraid to feel Blood on my hands, When you command I will I am locked to joy Locked to the lives I destroy I will never be dry, I'll never be satisfied Burns a bright fire inside of me And it keeps me alive It keeps me alive Till the day in the dirt I lie Till my ashes scatter in the sea I will not be denied my destiny I was born to kill I was made to slay Unafraid to sá1-ill blood on the land When you command I will
