

# I Know the Pattern

The Thermals

Oh two  
I know I know I know  
Look to the flat end  
You can see your shadow  
Oh two  
I know the pattern  
Oh two  
I know  
We'll be here again

Oh two  
I know I know I know  
Look to the flat end  
You can see your shadow  
Oh two  
I know the pattern  
Oh two  
I know  
We'll be here again

Replace the wires  
On your face lifted sky  
We are safe here  
We are safe here  
Paste the fine point  
Your eyes, eyes will stare  
I too will stare

the money sings quietly  
Replace the wires  
On your face lifted sky  
We are safe here  
We are safe here  
Paste the fine point  
Your eyes, eyes will stare  
I too will stare

And the money  
Sings  
Quietly  
By mid flight  
You're terrified  
And the money  
Sings  
Quietly

Oh two  
I know I know I know  
Look to the flat end  
You can see your shadow  
Oh two  
I know the pattern  
Oh two  
I know  
We'll be here again

Oh two

I know I know I know  
Look to the flat end  
You can see your shadow  
Oh two  
I know the pattern  
Oh two  
I know  
We'll be here again

Fire the forces  
Fire the torches, high  
We are safe here  
We are safe here  
No slack  
In the small  
Of your back  
Your eyes glazed  
In all your days

Replace the wires  
On your face lifted sky  
We are safe here  
We are safe here  
Paste the fine point  
Your eyes will stare  
I too will stare

And the money  
Sings  
Quietly  
By mid flight  
You're terrified  
And the money  
Sings  
Quietly

Oh two  
I know I know I know  
Look to the flat end  
You can see your shadow  
Oh two  
I know the pattern  
Oh two  
I know  
We'll be here again

Oh two  
I know I know I know  
Look to the flat end  
You can see your shadow  
Oh two  
I know the pattern  
Oh two  
I know  
We'll be here again
